

US Pat. Appl. No. 10/619,059  
Confirmation No.: 6894  
Attny. Docket No. S-0815

### REMARKS

Entry of the above amendment is respectfully requested in light of the fact that this amendment merely places the application in better form without adding any new matter. This amendment is made to correct a typographical error in the word "harvest," which should read – harvester – in Claim 6, to be consistent with the antecedent in Claim 1. Support for this amendment is present at least in Claim 1 as originally filed. This amendment adds no new matter and is otherwise proper for putting the claims in a better form for issuance, all without narrowing the scope of the subject claim.

Favorable action in this regard is requested. If any further matter might be resolved by communication with the Applicant, the Office is requested to contact the undersigned by telephone in order to handle such matter expeditiously.

Respectfully submitted,
